

## LET'S TALK CREATION

### Episode 82: A LOCAL flood? Responding to Gavin Ortlund

Apologist Gavin Ortlund is one of many who have suggested that maybe the Flood wasn't a global catastrophe after all. Maybe it was just a regional catastrophe that destroyed all the people alive at the time? Paul and Todd take a look at the evidence for the Flood's universality and just how well the local flood model explains the evidence it claims to explain. Does the local flood hold water? Or is it all washed up? Find out in this episode!
